303 Allens Av.
Providence, RI 02905

January 6, 2006

Dear Roy:

I'm happy to report that the overhead hoist installation is complete, and was done so in a very professional manner. I was impressed with everyone I met, and pleased with the workmanship and the quality of the system. Special thanks to Gil, Ed and Mike for completing this job without interrupting any of our workflow operations, and abiding by our safety policy.

I look forward to having you on hand to perform our crane inspections in the near future.

Sincerely,

Ralph Lauro
Purchasing Agent
