

Industrial Power Systems

Hoist & Crane Service

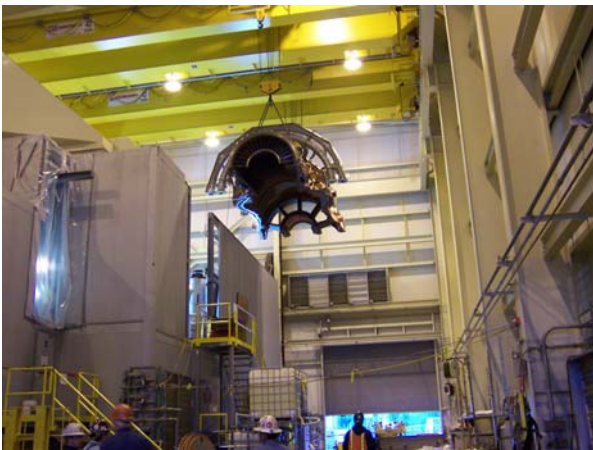

Are you ready to improve your plant's productivity and safety?

We're here to help you. Let Walco help you manage your Hoist & Crane equipment. Our staff of trained technicians & customer service reps can save you time and money. We are qualified to work on everything from the oldest systems to the newest electronics.

Walco Will:

- Inventory your hoists & cranes
- Schedule annual inspections & load tests
- Remind you when service is due with email and/or a phone call
- Provide inspection reports
- Maintain a complete history of your equipments' service

Plus – you will improve SAFETY in your facility with an HC-1 Maintenance Program.

Best of all, we'll be there to support you **24 hours a day, seven days a week.** We stand behind what we do and everything we do is designed to help you achieve your performance objectives.

Services Available:

- Annual OSHA inspections
- Small and large hoist repairs
- In-plant repair of large units
- Installation of new systems
- Installation of inverter drives
- Radio and infrared remote control systems
- N.D.T. testing of hooks and parts (magnetic particle & dye tests)
- Load testing up to 20 tons
- Change old open wiring to enclosed electrification
- Crane wheel replacements
